[REDACTED] history of that query is documented here <https://vegastruth.org/pdfs/PDF-FOIA-Chronological-Personal-Info-Redacted.pdf> and [REDACTED] FAA finally released [REDACTED] except the exact 15min coinciding with the shooting. What is most shocking is the total incompetence or complicity exhibited by numerous arms of our executive branch, including even the ICIG. Most relevant communications have been redacted and are viewable at [vegastruth.org](https://vegastruth.org) Actual suspects are currently advising our SCOTUS on NatSec matters. It is beyond absurd that a nation of hundreds of millions of people can be so totally wrangled by just a few individuals. Additionally, another suspect [REDACTED] It is obvious to anyone with two functioning brain cells that the person they photographed in Rm 32-135 was not Steven Paddock. Yet here we are... force fed another garbage narrative with memorials and anniversaries. [REDACTED] pursued truth through official channels, which revealed exactly where the complicity lay. Review the documents [REDACTED] LVMPD has no pictures of the man alleged to have committed the worst mass shooting in history, and they go on to say... "ask Federal authorities." Well guess what, our Federal authorities are broken. The Judiciary is broken. The OIGs are broken. State and Local LEOs are broken? Are you broken as well?

Only a concerted follow through with intelligent investigators will show otherwise. We know sufficient follow through has not been performed because the perpetrators have been left unaccountable. The perpetrators are other than the man murdered in the room, so until the story changes, you have not done your job. Please review any and all of the material at [Vegastruth.org](https://vegastruth.org) and you will see what a colossal disaster we are still enduring.

Please note, there are serious conflicts of interest with [REDACTED]

[REDACTED] involvement, [REDACTED] what we've been told cannot be true. It's up to you to save this place.

I'd like a cogent body with actual investigative authority to ascertain how it is that the FBI was able to completely conceal from the public that a body double was used in a staged sniper nest, while actual murderers laid waste to tens of thousands of innocent American citizens, and to discover why they have gone unpunished. In a poignant moment, you can watch and listen to
